Announcing the new  
Old Cambridge Shakespeare Association  
web site

*cambridgeshakespeare.org*

The association's web site now includes the current season's meeting schedule, a list of officers, a list of past meetings, playbills of past meetings, the constitution, and historical information about the association.

This project is far from being complete, however, and your help is solicited to add to it. If you have unmarked copies of playbills of past meetings, lists of members from before 1996, photographs, or other documents of potential interest, please lend them for inclusion on the web site. They will be returned promptly.

The web site also includes the directory of current members, *which can be viewed only by the membership by means of a code word*. We would like to include e-mail addresses of association members, so if you have an e-mail address please forward it to: [fwwilson@fas.harvard.edu](mailto:fwwilson@fas.harvard.edu).

Also, if you have material that you would like to add to the permanent archive of the Old Cambridge Shakespeare Association (business papers, playbills, photographs, correspondence, etc.), please bear in mind that the archive of the association, from its founding in 1880, is preserved at the Harvard Theatre Collection.

Thank you.

*Ric Wilson*
